

# WattPower

## About Us

We began our journey in Germany in 2013 and have been growing stronger ever since. From the very beginning, our focus has been on the future—investing in and embracing cutting-edge technologies. Over time, our name has become synonymous with superior quality, transparent business practices, exceptional service, and a relentless drive for growth.

For nearly a decade, we have been at the forefront of the solar technology revolution, continuously learning, evolving, and scaling through exposure to world-class projects, products, and global best practices. We were proud to be the first to introduce String Inverters in utility-scale projects, setting a new benchmark for the industry.

Our growth story has been extraordinary, marked by consistent 100% year-on-year expansion and a 30% market share across our categories. Today, with a presence in 10 countries across Central & Western Europe and South Asia, we have cumulatively delivered more than 18 gigawatts of clean, carbon-neutral energy in India alone.

As part of a group that has consistently crossed the USD 1 billion+ revenue mark year after year, Wattpower is uniquely positioned to unlock new opportunities and drive purpose-led, sustainable growth—powering a cleaner and brighter tomorrow.

## Why Us?

We offer vibrant company culture that promotes open communication, transparency, and a strong sense of camaraderie. We work hard, have fun, and celebrate achievements together.

**Job Title:** Executive-Logistics & Custom clearance

**Location:** Chennai

---

## Job Overview:

The role is responsible for managing secondary transportation and reverse logistics operations, ensuring timely dispatches, route optimization, and cost efficiency. It involves monitoring shipment performance, coordinating with transporters and internal teams, ensuring compliance and documentation, and tracking key logistics KPIs to drive operational excellence.

---

## Key Responsibilities:

- Plan and execute secondary transportation and reverse logistics.
- Ensure timely placement of vehicles as per dispatch schedules.
- Optimize routes to reduce transit time and cost.
- Negotiate freight rates and monitor transporter performance.
- Monitor daily dispatches and ensure adherence to timelines.
- Track shipments to ensure on-time delivery with in SLA.
- Ensure POD (Proof of Delivery) collection and documentation.
- Monitor freight costs and identify cost-saving opportunities.
- Analyse freight trends and suggest improvements.
- Ensure compliance with statutory and company policies.
- Manage e-way bills, invoices, and transport documentation.
- Handle audits related to logistics and transportation.
- Work closely with warehouse, sales, and customer service teams.
- Communicate delivery status and resolve escalations.
- Prepare daily/weekly MIS reports on dispatch, cost, and performance.
- Track KPIs such as on-time delivery, vehicle utilization, and cost per km.

---

## Requirements

- Bachelor's degree in Logistics, Supply Chain, or related field
- 3–6 years of experience in transportation/logistics operations
- Strong knowledge of route planning, freight negotiation, and dispatch management
- Proficiency in Excel and experience with ERP/logistics systems
- Good communication, coordination, and problem-solving skills
